CORENEXA 7.0
Cloud Communications

Max Productivity & Engagement
with All-In-One Voice, Video, Messaging & Collaboration

With our all-in-one, fully-integrated voice, video, messaging & collaboration solution, working remotely feels no different than working in the office.

CoreNexa 7.0 UCaaS Solution Features Overview

Businesses have new needs when it comes to communications & collaboration—needs that require much more than what's possible with point solution video & meeting apps. Even well known video brands who market their capabilities as all-in-one or "complete" solutions leave users needing or wanting more. Not [Company Name]. With [Company Name]'s all-in-one, voice, video, messaging and collaboration, working remotely feels no different than working in the office, and employees working from anywhere are empowered to be highly productive & stay incredibly engaged.

CoreNexa 7.0 is a fully-loaded cloud communications platform that combines high-quality voice & video with: a built-in softphone for making and taking calls and a long list of calling features, HD-video conferencing, messaging (Chat & SMS), meetings, virtual rooms and an impressive menu of stand-out collaboration features only found in [Company Name]. Beyond proven feature parity and unmatched value, CoreNexa easily surpasses alternatives with features designed to unleash the power of the modern workforce.

Unleash the power of the modern workforce…

PANURGY
IT SERVICES ELEVATED

Voice & Calling Services

- **Built-in Softphone***: Employees can make or take calls directly in [Company Name], with instant access to the calling features they've come to expect:

  Inbound/Outbound Calls, 3-Way Calling, Speed-Dial, Attended/Unattended Transfer, Do Not Disturb, Call Forwarding, Mute, Hold, Redial, Find Me, Call History, Call Recording

- **Call Move:** While on a call, users can move between the CoreNexa mobile and desktop apps with just the push of a button, without needing to put a call on hold first.

- **Contacts w/ Presence:** See at a glance when coworkers are available to keep daily operations moving efficiently and seamlessly.

- **Visual Voicemail:** View and manage voicemails on a single screen, including convenient visual message transcriptions powered by Google's Cloud Speech API.

* For BYO-PSTN customers, calling features availability may vary based on 3rd-party PBX capabilities

Video

- **HD Video Meetings:** CoreNexa provides every user with unlimited 1:1 and group meetings with up to 100 participants per meeting (Standard plan users can schedule group meetings up to 40 minutes). Users can join meetings at any time from the downloadable CoreNexa desktop app as well as via browser and mobile apps (iOS/Android). Meetings can be encrypted with a PIN for added security and confidentiality.

- **Simultaneous Screen Sharing:** Users have multiple screen sharing options; share one screen, a portion of their screen, or specific applications. Even better, multiple users can share their screen at the same time, eliminating awkward pauses and wait times often experienced during presenter transitions.

- **Video Recording:** Record any meeting for easy reference later, or to share updates with absent/unavailable team members.

- **Video-only Support:** Also called "bring-your-own PSTN," CoreNexa can be deployed as a standalone video product— perfect for businesses that already have their own voice solution!

Messaging

- **Private & Group Conversations:** [Company Name] enables teams to handle all messaging (Chat & SMS) in the same all-in-one solution where they're already making/taking calls, collaborating and having meetings. The result? Efficiency in overdrive and incredibly streamlined operations.

Premium Features Options

(paid, high-value upgrades)

- **Voice Dial-in Option for Meetings** *(included w/paid Pro seat):* Meetings can be accessed via a phone number in addition to the desktop & browser apps.

- **No Time-limit Meetings:** *(included w/ paid Pro seat):* In addition to unlimited no-time limit 1:1 meetings included with the free Standard seat, Pro seat users also have unlimited no time-limit group meetings with up to 100 participants per meeting.

- **Virtual Rooms:** These "always on" virtual spaces give employees a place to gather, hang out or collaborate through the day, coming and going as needed. Rooms provide a true collaboration space and create the same highly personal experiences of working together in an office.
